Murder In Second Degree

PRESIDENT OF UNITED TEXTILE WORKERS OF AMERICA ARRIVES IN LOWELL

President Thomas P. McMahon, of the United Textile Workers of America, came to this city this afternoon and conferred with officials of the Lowell Textile council in their quarters in Central street relative to the conditions in this city. Mr. McMahon will attend a meeting of the Wool Workers' union this evening and it is hoped all the members of the organization will be present as the visitor has an important message to deliver to them.

If it is possible for him to do so, Mr. McMahon will return to this city Friday evening to attend the regular meeting of the Lowell Textile council and he is extending an invitation to all the members of the city to be present.

GOVERNMENT WAIVES FIRST DEGREE CLAIMS IN MURDER CASE

Assistant District Attorney Reilly Will Argue for Maximum Second Degree Verdict for John Bedrosian Who is Charged With Murdering Companion in Dracut Woods

CAMBRIDGE, Nov. 21.—In an announcement made to the court at noon today the government waives all claims to a first degree murder in its prosecution of John Bedrosian, charged with the murder of Jacob Sarkisian in East Dracut woods on Aug. 16. Assistant District Attorney James T. Reilly declared he will argue before the jury for a maximum verdict in the second degree.

The statement was made after the government had rested its case and was for the purpose of guiding counsel for the defense with a hope of expediting the trial as much as possible.

Dr. George B. McGrath, medical examiner for Suffolk county, again took the witness stand when today's session began. He was shown the sleeve identified as part of the shirt worn by Bedrosian and found near the body of Sarkisian and was asked by Mr. Reilly if the coarse piece of garment showed signs of having been either stepped upon or dragged through wet or muddy ground.

Dr. McGrath answered he found no such evidence.

On being shown the jacket found in a pocket of Bedrosian's trousers, Dr. McGrath said he had discovered no traces of blood upon it.

Questioned by Attorney Reilly, Dr. McGrath testified at length regarding blood found on undergarments said to have been worn by Sarkisian on August 16.

He testified further that he had examined two rocks found near the scene of the crime and had discovered deposits of human blood on each of them. Shown a pair of gold rim eyeglasses owned by Bedrosian, the medical examiner said he had seen a scratch mark created by spitting, had been closed on both lenses on examination.

COMMITTEE ON CLAIMS WILL MEET TONIGHT

An important meeting of the committee on claims will be held in city hall tonight with matters concerning several questions of moment to be brought up for discussion. One of the chief topics will be the question relative to the pay of Superintendent of Streets Harry T. Doherty, who has been serving the city since last June without compensation.

It will be recalled that Supt. Doherty was removed from office by a temporary board of public service.

AUTOMOBILE CHASE

One automobile was wrecked, another was badly damaged and a woman was badly shaken up in collision which occurred in Middlesex street this afternoon. The car that was put out of commission was owned by John Hartley of Billerica road, Chelmsford, while the other is owned and was being operated by Clement J. Murphy of 9 Sumner avenue, East Medford. The woman is Mrs. Hartley.

Through numerous warnings and revivals, the game of croquet is traceable back to the ancient Gauls.

Urges Enactment of Merchant Marine Bill to Relieve Government of "Staggering Losses"

CASES IN THE DISTRICT COURT

Young Man Alleged to Have Robbed Sleeping Companion is Fined \$20

Judge Enright Says Easier Than Ever For Young Men to Get Liquor

Thomas Greenhalge, 13, and Walter J. O'Hearn, 17, were "paid off" yesterday afternoon and then took part in a game of craps, as the result of which Greenhalge lost all his money. The pair proceeded to a moonshine joint and secured a quantity of liquor, then repaired to a room which they had hired. O'Hearn fell asleep and awoke to find that Greenhalge and his money, \$26 in all were missing. A complaint was entered against the latter and this morning in the district court, he pleaded not guilty to larceny. The court ruled otherwise, however, and fined him \$20. In the course of the evidence Judge Enright remarked that "it's a shame the way these young fellows are able to get liquor. In the worst period of license, they couldn't get a drink under any circumstances, but prohibition has made it an easy task for anyone to get it."

Frank W. Newell pleaded guilty to illegal keeping and paid a fine of \$100. Walter Niedzwicki also pleaded guilty to a similar offense and was fined the same amount. Josie Sarachick, for illegal keeping also, had her sentence continued until she is able to pay the fine of \$100. Her counsel requested that a suspended sentence be given, but the court replied that the law did not permit of such action in a prohibition violation.

Michael Smyt, for being drunk and carrying a pistol, was fined \$100. He was given 10 weeks to pay and will settle on the installment plan.

Walter J. Blanchard, already under a suspended sentence for drunkenness, appeared in court again this morning, the complaint being allowed to stand until the suspension is lifted. Joseph A. Renard pleaded guilty to being drunk and was given a three month sentence to the house of correction, suspended for one year.

An illegal keeping charge against James H. Brophy and Frank Arcand was continued until Dec. 2.

Grand Jury Makes Second Assault Upon Evidence in Hall-Mills Case

SOMERVILLE, N. J., Nov. 21. (By the Associated Press).—As the Somerset county grand jury—21 men and three women—prepared today for its second assault upon the mass of evidence surrounding the Hall-Mills murders, the name of a new found witness appeared among the "stars" upon whom the prosecution pinned its hope for indictment.

The name was that of George Sipel, a dealer in pigs, whose movements on the fateful night of Sept. 14, have

STUDENT GETS K. K. K. WARNING

Harvard Sophomore Reports Threats — Warned by Phone and by Letter

CAMBRIDGE, Nov. 21.—Whether the Ku Klux Klan has invaded Harvard college or not, a Harvard sophomore, a subject of a practical joke, was in doubt today. On top of the warning to leave the city signed "K. K. K." and a telephone call of the same nature, Clay said he had received a call from a fellow student just before he retired last night, in which the man, after representing himself as a Klansman, accepted a menacing and threatening attitude. The effect of his caller's message, he said, was that he had "better shut up or get out." Clay said he was saying on, hoping it was all a joke, yet somewhat concerned because as a former member of the Klan in Colorado, he knew enough of its workings to be afraid.

The Harvard college office, to which Clay reported the threats advised him they were undoubtedly part of a joke, and today let it be known that it regarded the matter in that light. The police, to whom also Clay went for protection, refused his request for a permit to go armed, and said the case seemed to be one for the college authorities to handle. The police, however, turned over to postal officials the warning letter which was mailed here.

Clay, who is president of the Harvard Golf association and a veteran of the World war, said today that this was not his first experience with the Klan. He would not go into detail about his experience of a Klansman with the Colorado Klan, beyond saying he was not in accord with its policies, but said the correspondence he had with Edward Y. Clark, Imperial Klansman of the Klan, which would explain it, was now in Colorado.

After his arrival at Cambridge, last year as a freshman, Clay said he was asked to join a Klan of which other Harvard men were members. He refused, reiterating the reasons that he had given for quitting the Klan in Colorado. Another undergraduate of his acquaintance, who wrote an editorial in the Harvard Crimson, about that time, he said, was warned by telephone that he must stop attacking the Klan. Clay said he knew one or two others also who had received threats from supposed Klansmen.

PRESIDENT IN STRONG APPEAL

Declares Actual Monetary Saving Would Result From Proposed Law

Challenges Every Insinuation of Favored Interests and Enriching of Special Few

WASHINGTON, Nov. 21.—Enactment of the administration merchant marine bill was urged upon congress today by President Harding as necessary to relieve the government of present "staggering losses" in operation of the war-built merchant fleet, and to establish a program of assured shipping to serve the nation in war and give a guaranty of commercial independence in time of peace.

Personally addressing a joint session of the house and senate the executive declared an actual monetary saving to the government would result from the proposed law. He challenged every insinuation of favored interests and the enriching of the special few at the expense of the public treasury. The legislation, he asserted, automatically guarded against enrichment or perpetual bestowal.

"If success attends, as we hope it will," he added, "the government out-

NEW CURATE COMING TO ST. MICHAEL'S CHURCH

Rev. John J. Shaw, pastor of St. Michael's church, announced this morning that he had received word from His Eminence, the Cardinal, that Rev. Aloysius J. Madden, at present a curate in St. Paul's church, Cambridge, Mass., had been appointed to St. Michael's church to fill the vacancy caused by the death of the late Rev. Francis J. Mullin.

Fr. Madden is one of the youngest priests in the diocese, having been ordained at St. John's seminary last June. His first assignment was to St. Paul's in Cambridge, where he has been stationed ever since. Rev. Dennis A. O'Brien, a Lowell boy, and a product of St. Michael's is now serving as a curate in St. Paul's. It is expected that the new curate will take up his duties in this city immediately.

REV. JOHN J. McGARRY, D. C. L., APPOINTED SUCCESSOR TO LATE MONSIGNOR O'BRIEN AT ST. PATRICK'S CHURCH

It was reported this afternoon, although not officially confirmed, that Rev. John J. McGarry, D. C. L., for the past 12 years administrator of St. Cecilia's church, Back Bay, Boston, has been appointed rector of St. Patrick's church, this city, to succeed the late Rt. Rev. Mgr. O'Brien. Rev. Dr. McGarry was reached by a representative of The Sun, but refused to affirm or deny the report.

Rev. Dr. McGarry received his early education at St. John's seminary, Brighton, and later completed his theological studies at Rome, where he was ordained some 18 years ago. He is about 42 years old and is recognized as a clergyman of eminent ability.

NO STEEL FOR LUNDBERG STREET BRIDGE

Owing to the inability of the contractors at work on the Lundberg street bridge to obtain shipments of steel, it is impossible at the present time to throw a footbridge across the gap made by the railroad. The city engineer is doing everything in his power to hurry along the steel shipments as the necessity for them is great, but under the present circumstances it is doubtful if they will be received in time.

WARDEN REFUSED TO PUT LLOYD IN JAIL

CHICAGO, Nov. 21.—William Brosa Lloyd, millionaire communist labor party leader, convicted with 19 others men of violation of the Illinois sedition law, was reported today to have appeared at the Joliet penitentiary last night prepared to begin his term of one to five years. He was refused admittance, according to information received at the sheriff's office here, because the warden had received noncommitment papers for him.

"THE TIGER" OF FRANCE MAY COME TO LOWELL

Georges Clemenceau, "The Tiger" of France, now being feted in New York city, has been invited to come to Lowell.

The invitation went out yesterday following the monthly meeting of the chamber of commerce, President Edward Fisher presiding. Incidentally, the chamber officials also got in telephonic communication with Congressman John Jacob Rogers, who was invited to use his best efforts to induce the French warlord-statesman to accept the invitation.

Word from New York is being anxiously awaited, for Lowell business men say that with Boston's reception somewhat shaded by the failure of the city government there to be chosen to head the reception party and Mayor Charles D. Barry dropping out of the picture altogether, the Spindle City planners may have the pleasure of a short visit from Georges after all. If the distinguished Frenchman only remembers how many excellent people of his race live and thrive in Lowell proud of both their home land and the land of their adoption.

LAWRENCE MAN LOSES SUITCASE

Mr. J. C. Foster of 555 Howard street, Lawrence, a traveling salesman, visited a local department store this morning, leaving a large drummer's suitcase on the sidewalk while he went inside. When he returned, about five minutes later, the leather case, containing three misses' coats, valued at \$50, was missing. He immediately reported the matter to Capt. Perle at police headquarters and told the captain that he had been coming to Lowell for the past twenty years and never in that length of time had any of his belongings been stolen. The police are now working on the "case."

MAYOR CURLEY IS 48

Celebrates Birthday Anniversary—Receives Many Congratulations

BOSTON, Nov. 21.—Mayor Curley yesterday celebrated his 48th birthday by getting through the routine of his office, receiving congratulations offered in person, through the mail, over the phone and the telegraph wires, the mayor went to Wellesley, where he delivered a lecture to the student body, returned home for dinner and then took his family to a theatre in the evening.

Outside of that he didn't have a very busy day.

As he swung into the hall in the morning he radiated health and vigor. When congratulated upon his appearance he announced that he was about to join the Boy Scouts, as he was a little too tame around the hall. He said that he needed more action.

George M. Cohen sent him a telegram of congratulations, as did the Shuberts, through their resident manager, Arthur J. Sheldon. Mr. and Mrs. J. J. Rosenthal of the Wilbur theatre, Thomas C. Doyle of Chicopee, Clarence

C. Miller of the Penn State Mutual Life Insurance company, James F. Daily, district deputy of the Knights of Columbus, and Jack Osterman, were also among those who greeted the mayor. State and city officials dropped in during the day or phoned him their best wishes.

The downtown newsmen sent him a note wishing him success in his gestures toward Beacon Hill.

HIGH COST OF HOT DOGS IN GERMANY

WASHINGTON, Nov. 21.—High prices for hot dogs have hit Germany, the commerce department has been advised by Consul John A. Scott at Dresden.

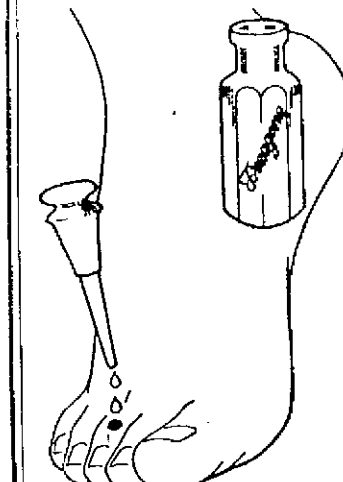

"One of the chief topics of the day in Germany," he said, "is the tremendous increase in meat and sausage prices. The consumer places the blame on the butchers, while the latter condemn the slaughter houses and from there the high prices are passed on down to the farmer who states that it is the high cost of feed that forces him to demand a high price for his meat. Beef, mutton and pork have risen over 100 per cent in the last 60 days while slaughter house fees have risen 200 per cent.

WALTHAM MAN GORED BY BULL

PANTON, Nov. 21.—Frank Bigelow, 50, of Waltham, employed as a farm hand by David M. Watt at Echo farm,

Simple Way to Get Rid of Blackheads

There is one simple, safe and sure way that never fails to get rid of blackheads, that is to dissolve them. To do this get two ounces of calomel powder from any drug store—sprinkle a little on a hot wet cloth—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. Big blackheads, little blackheads, no matter where they are, simply dissolve and disappear. Blackheads are simply a mixture of dust and dirt and secretions that form in the pores of the skin. The calomel powder and the water dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition.—Adv.

was frightfully gored by a big Ayrshire bull yesterday and is in Worcester City hospital in a critical condition.

One of the bull's horns penetrated Bigelow's abdomen and he was practically disemboweled. Bigelow has been employed at the farm only a week, coming there from the Worcester state hospital, where he had been under treatment as an epileptic. According to the managers of the farm, Bigelow had no business in the bull pen and none of his duties required his presence there. William Barry and A. W. Cahill, other farm hands, were attracted to the pen by the cries of Bigelow and found him on the concrete floor with the infuriated animal trampling him. Barry, who is an experienced herdsmen, forced the bull into a corner and Cahill removed Bigelow, who was taken to the hospital.

In the eighteenth century many writers on finance insisted that public debt increased a nation's wealth.

PUT CREAM IN NOSE AND STOP CATARRH

Tells How to Open Clogged Nostrils and End Head-Colds.

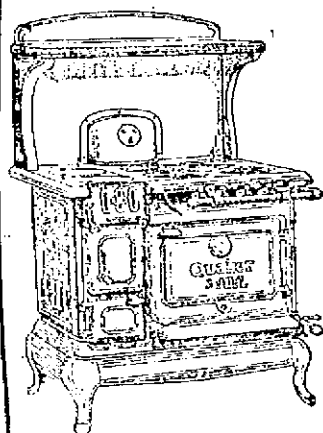

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night. Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head, soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.—Adv.

TO REFLOAT WHITE STAR LINER MAJESTIC TODAY

BOSTON, Nov. 21.—Preparations were completed early today for refloating the White Star liner Majestic, largest ship in the world, from the naval drydock in South Boston, where she has been undergoing a five days' overhauling. She was ready to slip back into the ocean at high tide this afternoon.

After the pumping of 14 feet of water into the cradle the Majestic was inspected and found to be seaworthy in every detail. Then the duck was flooded, raising the huge hull five feet clear of all blocking on which the 55,000 tons had rested. All that remained was to remove the caisson at the entrance of the massive dock. Harbor tugs were ready to guide the liner into the sea path.

Four new and lighter propellers have been installed and naval architects expect the Majestic to show increased speed. She is due to leave New York next Saturday for Cherbourg and Southampton.

JUNIOR ASSEMBLY AT ASSOCIATE HALL

The Junior assembly, to be conducted by the young people of St. Margaret's parish in the evening, promises to be one of the most enjoyable social events in the history of the parish. Committees have been at work for several weeks making arrangements for the affair and an excellent program has been arranged for the evening. Entertainment of all who attend. General dancing will be a feature of the party. Judging from the advance demand for tickets a large crowd will attend.

BOSTON ORCHESTRAL PLAYERS—The first in the series of Sunday concerts being given at the Memorial Auditorium in consecutive Sunday afternoons under the direction of Albert Edmund Brown will take place next Sunday at 3:15. The Boston Orchestral Players, instrumentalists of note, will be the artists, with Miss Pico, baritone of the Metropolitan Opera company and a former resident of Lowell, as the soloist. Seats are now on sale at Steiner's, 130 Merrimack street.

DEATHS

WHITE—Edward Lane White, formerly a well known citizen of Lowell, died recently at Little Falls, N. Y., in which town he had established himself as general manager and director of the Barnet Leather company, although retaining his home at 408 Beacon street, Boston. Edward Lane White was born at Winchester, June 25, 1857, oldest son of William H. and Theresa (Crowle) White. Removing to Lowell in 1883, the father engaged in the business of leather manufacture, and in due time associated with himself his three sons, Edward L., H. Kirk and William T. under the style of the White Brothers & Company.

In managing the affairs of this thriving concern Edward L. White made himself one of the foremost experts in his line to be found in the country and was the originator of box calf and oze calf, which became specialties of the firm. At the time of merging the White business with the American Hide and Leather, Mr. White retired from the business and engaged in the press of leather manufacture, being for a time president of the Bingham Consolidated and a director in other leather and shoeing properties, both in this country and in Mexico. His health failing, he sought recuperation by a residence in Chesham, N. H., eventually returning to his original line of business. He received his education in the schools of Lowell, in which city the greater part of his early life was spent. He married, Oct. 21, 1884, Ida V. Moseley of Montreal, by whom he had five sons, who with their mother survive him. These are: E. Laurence White of New York; Gordon K. White, now associated with Hayden & Stone in Boston; Richmond L. White, M. and Maurice T. White, all engaged in the leather business at Little Falls. One brother, William Towle White of Lowell, present manager of the American Hide and Leather plant here, also survives him. His other brother, H. Kirk White, and one sister, Theresa, died some years ago in this city. Mr. White had long been a member of Ancient York lodge of Masons of this city and had united also with the Little Falls lodge of Elks. He was a member of the Alexander club of Boston and the Brookline Country club. During his residence in Lowell he was an attendant at the old High Street Congregational church, in the affairs of which his family had long been prominent.

President in Strong Appeal—Continued from Page One

lay is returned, the inspiration of opportunity to earn remains, and American transportation by sea is maintained.

The president said concern about the American merchant marine policy was not limited to our own domain, adding that the maritime nations of the world were in "complete accord with the opposition here to the pending measure." He declared those nations had a perfect right to such an attitude, but that he wished to stress the American viewpoint which he said, "should be the viewpoint of the world."

Mr. Harding declared it would be most discouraging if a measure of "such a far-reaching national importance" must have its fate depend on geographical, occupational, professional or partisan objection. A commercial influence on the seas and ample agencies for the promotion in carrying of American commerce, he asserted, were of no less importance than the people of the Mississippi and the Missouri valley, the great northwest, and the Rocky Mountain states than to the seaboard states and industrial communities inland.

"It is a common cause, with its benefits common to all," said he. "If government aid is a fair term to apply to authorizations aggregating \$75,000,000 to promote good roads for market highways, the president ad-

JAMES F. HENNESSEY

To the Voters of Lowell—

Have just been looking over the list of candidates for Councilor-at-Large. The names of some are unfamiliar to me as they perhaps are to you. Have noticed one name, however, that forcibly appeals to me as the right kind of a candidate to elect to office.

We are always talking good government and deploring the fact that not enough of the right kind of men present themselves for office. If you will take my word for it, James F. Hennessey, candidate for Councilor-at-Large, is the kind of candidate who possesses to a marked degree those essential qualifications for public office. If you knew him as I do, you would not hesitate a moment to endorse his candidacy. Mr. Hennessey is manager of the Ranlett Grocery Company, a keen student of public affairs and equipped with sound reasoning power and judgment.

I am led to make this statement because of my desire to have my fellow-citizens know that in the candidacy of James F. Hennessey there is presented to them one whose public service will elevate the conduct of our civic affairs. Remember him with your vote and you will make no mistake.

Adv. Signed, WILLIAM A. HOGAN, 95 Stevens Street.

ed, it is equally fit to be applied to the establishment and maintenance of the American market highways on the "ruled seas."

As to present government operation of the shipping board fleet, Mr. Harding said there was the unavoidable task of wiping out a \$50,000,000 annual loss and losses aggregating hundreds of millions in worn out, decrepit, and scrap metal shipping. He called attention to the government ships were being worn out without any provision for replacement, and that a program of surrender and sacrifice and the liquidation which he said, "would be inevitable unless the proposed legislation was enacted would cost scores of millions."

Cost of the proposed legislation giving direct aid, he said, with ocean-carrying maintained at the present average, would not reach \$20,000,000 a year, and the maximum direct aid if American shipping were promoted it carried one-half the nation's deep-sea commerce would not exceed thirty millions annually.

Act on "Grand Old Lady"

WASHINGTON, Nov. 21.—President Harding was prepared to address a joint session of congress in the house chamber at 12:30 o'clock today, his message, it was understood, being devoted largely to argument favoring early passage of the administration's ship subsidy bill, for consideration of which the special session was called.

Formal report of the measure to the house was planned today after a full meeting of the merchant marine committee following the president's address. Adoption by the house tomorrow of a special rule expected to issue from the rules committee giving it right of way would start consideration of the bill Thursday, under the pro-

vision exercises over railroads.

Yesterday's brief senate session also precluded presentation by Vice President Coolidge of the resignation of Truman H. Newberry of Michigan. Mr. Newberry's name continued on the senate rolls today, but his letter of resignation was expected to be read into the record today.

While the house itself engaged only in the usual preliminary formalities yesterday before adjourning out of respect to the late Representative Nolan of California, republican members of the influential marine committee met to consider the subsidy bill and agreed to several amendments. One was a provision for direct payment by the government of compensation to mail carrying ships instead of turning the amount due into the general subsidy revolving fund, this being designed to offset losses to ship operators resulting from the prohibition against the sale of liquor. Another amendment would give the shipping board the same authority over coastwise steamship lines, including power to its rates, that the interstate commerce commis-

MEXICAN SECRETARY RE-PLIES TO HUGHES

MEXICO CITY, Nov. 21. (By the Associated Press).—The Mexican Secretary of State in a statement replying to the declarations of the American state department concerning charges in the Mexican chamber of deputies of interference by the United States in Mexican legislative affairs, said:

"It is a fact that the foreign office and Mr. Sumner (American charge d'affaires) have had to discuss verbally matters pertaining to resumption of diplomatic relations between the two countries and it is necessary to emphasize that this department, which is the only legal one which the government may employ to communicate with the chancelleries of other governments, never framed a petroleum law project of which it did not give knowledge to the American state department, or on

which it did not solicit the state department's comment.

"If President Obregon saw the necessity of informing the chamber of deputies of the case in question, it was because he believed Mr. Sumner's notes exercised restraint on the legislative faculties of Mexico and to silence the matter would have been to show lack of cooperation with the federal power involved. And would have lent itself further to the belief that it was creating a precedent contrary to the nation's sovereignty, a precedent which might easily be invoked against Mexico by any foreign government in the future.

"Fortunately, the American state department has declared that it had no intention in the case mentioned of disregarding Mexico's sovereignty, that the United States had no desire to mix in Mexico's internal affairs as it recognized that Mexico is the only judge of what its internal policy shall be and that its feeling towards Mexico continues friendly."

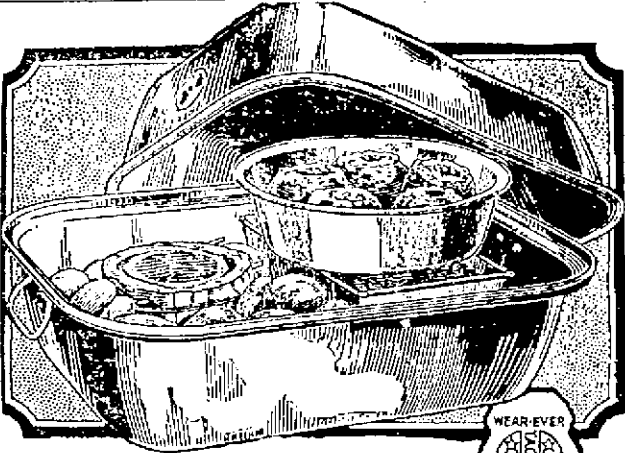

MR. BROWN FAVORS PLAN OF TRUSTEES

Returning from Kansas City, Mr. Albert Edmund Brown on hearing that the trustees of the Auditorium had withdrawn sixteen seats to be reserved at every entertainment for their own use, said it would relieve those who hire the Auditorium from supplying tickets for the trustees, often at their own expense. He says the managers of the various attractions are usually very particular in regard to free tickets and that as a result, the persons who are running the entertainments are often obliged to supply some free tickets at their own expense. He finds that the plan adopted by the Auditorium trustees is followed by those in charge of many large halls and other places of entertainment.

NO WALL PAPER IS EVER HIGH PRICED

EVEN the costliest wonderful wall paper pattern you will admire at our showroom is inexpensive considering.

For suppose your choice is one of those richly soft, deep hued, luxurious likenesses of cordovan leather, wrought with the ruddy golden glints as though hand-tooled by a master bookbinder. How can you measure the lasting joy of having a room hung with such a creation—against the little price which buys its fine beauty?

Or perhaps your fancy will light on Wall Paper that is the very self of gorgeous embroidered brocade—or deep patterned lustrous silk, all radiant with soft toned flowers, or gay, high hued chintzes, or superb damasks in the most exquisitely delicate colorings.

Across the room you cannot say that it is Wall Paper, in fact. So perfect, so veritable, is the likeness to the fabric it simulates. And, more interesting still: Even the Wall Papers least in price are beautiful in every sense. It is the one commodity that does not impose a tax upon good taste's choice.

There is, indeed, no such thing as high priced Wall Paper. But here our prices are even less than elsewhere. Why be without the joy Wall Paper can bring to your home?

REPARATIONS POLICY

Sir John Bradbury Goes to London to Learn Attitude of New Government

PARIS, Nov. 21 (by the Associated Press).—Sir John Bradbury, British member of the reparations commission, is going to London tonight to learn the definite policy of the new British government regarding reparations.

The indications as seen here are that the policy will not be materially different from that followed by the Lloyd George ministry, except that it is thought Great Britain probably would agree now to declare Germany voluntarily bankrupt, if she failed to carry out the eventual decision of the Allies as to reparations payments.

NO "FIGUREHEAD" TO SUCCEED NEWBERRY

DETROIT, Mich., Nov. 21.—Senatorial qualifications of no fewer than a dozen men prominent in the public life of Michigan are being scanned by Governor Alexander J. Groesbeck, seeking a successor to Truman H. Newberry, who Sunday tendered his resignation as senator from this state.

The governor meanwhile announced that he intended to withhold a decision until all interested parties have had opportunity to be heard and that he did not propose to have Michigan represented in the upper house of congress by a "figurehead." In these words the governor took occasion to put at rest reports that he might appoint someone who could be counted upon to seek re-election in 1924, so that the chief executive himself could make the race for senatorial honors.

The governor's own idea of the man required for the post is that he should have the confidence of his people, he said. "He should be something besides a mere dispenser of patronage," he said.

Although the governor declined to even intimate who had been under consideration already for the seat, the names most prominently heard yesterday were those of Charles B. Warren, at present ambassador to Japan; former Senator William Alden Smith, of Grand Rapids; W. W. Potter, state fuel administrator, and John S. Hager, Wayne county, republican leader.

MISCELLANEOUS SHOWER

A miscellaneous shower was tendered by thirty girl friends to Miss Mae Cavanaugh, popular local girl, a few evenings ago. The recipient of the good wishes is soon to become the bride of Joseph Ready, a well known fireman. The house was beautifully decorated with potted plants, ferns and cut flowers. A feature of the evening's social was a series of piano selections by M. Carey, K. Delmore, J. Sullivan and E. Newhall. Solos were also sung by M. Hastings, F. Geary and M. Miner, and an Irish jig was given in a clever manner by A. Cavanaugh.

The use of eggs at Easter is a survival of a pagan custom, quite unrelated to Christianity.

KIDNEY AND BLADDER TROUBLES CONQUERED

OR MONEY BACK

For 40 years, said Dr. Carey, I have been prescribing my prescription No. 1, known for years as Marshroot, for kidney and bladder troubles, and now that I have retired from active practice I have made arrangements with leading druggists to distribute my wonderful prescription at a moderate price, on the money-back-if-dissatisfied plan.

Thousands of kidney disease—thousands die of it every year who ought to be enjoying the blessings of life and health. Watch the symptoms. If you have sprays flowing before the eyes, puffy eyes, clammy feet or moist palms, headache or dizziness, you ought to get a bottle of Dr. Carey's famous prescription No. 1, right away.

It has wonderfully benefited tens of thousands of cases of kidney and bladder troubles and is the medicine you can depend upon. Results are guaranteed.

NOTE—Dr. Daniel G. Carey was a practicing physician for many years and his great prescription No. 1, cured thousands of sufferers from kidney and bladder troubles. Hereafter you can always get this effective prescription in both liquid and tablet form at Fred Howard's, 197 Central Street, A. W. DILLON DYE WORKS

5 East Merrimack St.—Just Across the Bridge

"Sylpho-Nathol" made Herbert's feet feel fine"

"Herbert's work keeps him on his feet for hours at a time. He walks miles and miles every day. In hot weather, his feet used to hurt him dreadfully—they would swell and get so tender he couldn't sleep at night. But Sylpho-Nathol gave him quick relief.

"Letty Hayward told me about Sylpho-Nathol and its many uses. I bought a bottle at the druggist's. The directions recommended it for tired and aching feet.

"Herbert came home that evening with his feet driving him nearly crazy. He tried Sylpho-Nathol as soon as I told him about it. A tablespoonful in a gallon of warm water made a clean-smelling, pearly-gray solution. My dear! I wish you could have heard Herbert. 'Sylpho-Nathol is certainly a life-saver, Bess,' he said, as it soothed the soreness away. 'It's great stuff to have in the house—don't let's ever be without it!'"

But Sylpho-Nathol has many other important uses. In cleaning water, it destroys germs which lurk in dust and dirt and threaten family health. As a sprinkle, it quickly dispels the unpleasant odors which come in sink pipes and drains and other hard-to-get-at places. It is indispensable in the bathroom, around the toilet fixtures and as a flush for the closet bowl. It is a dependable antiseptic, which deserves a place in every home medicine chest.

Sylpho-Nathol is 4 1/2 times stronger than carbolic acid, yet it is as safe to have about the house as a cake of soap. Your druggist or grocer has Sylpho-Nathol in four handy sizes, 15c, 35c, 65c and \$1.25. If he hasn't it he can get it easily. Ask for it by name—"Sylpho-Nathol."

NEW HOUSE OF COMMONS

Parliamentary Writers Declare it Will Be Livelier Than Its Predecessors

LONDON, Nov. 21.—(By the Associated Press) Parliamentary writers have already decided that the new house of commons will be livelier than its predecessors and that the opposition which will apparently be furnished by the laborites will be keener and more aggressive. Discussing incidents and scenes attendant upon the opening of the session yesterday, the correspondents call attention to the challenging spirit which the radical laborites from the Clyde district seem to have brought with them. The ejaculation "We will smash all this," shouted in broad Scottish accent by one of the labor members at the conclusion of the time-honored ceremonies, is considered significant.

These laborites are described by some writers as "grim, stern, set men" to whom the Scottish word dour seems specially applicable, and they are credited with the intention of injecting a bit of ginger into their party.

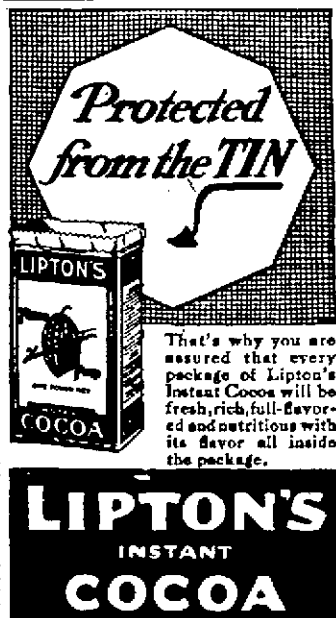

SULTAN INQUIRES AFTER HIS WIVES

CONSTANTINOPLE, Nov. 21.—(By the Associated Press)—Officials of the sultan's palace today received a radio message from Mohammed VI, who has fled to Malta, inquiring after his wives, all of whom he left behind. The following reply to his inquiry was forwarded: "All are well and happy."

The most anxious of the sultan's harem is a young Christian beauty, a daughter of the palace gardener, to whom Mohammed VI was recently married. Her installation in the imperial household aroused considerable rivalry among the other members of the harem for she immediately became a favorite and her master lavished expensive gifts upon her. She has now returned to her parents, who are in modest circumstances.

Turkish newspapers today assert that the sultan took with him \$500,000 in currency, a solid gold antique dinner set, valued at \$250,000, and several hundred dollars worth of jewels as well as a field marshal's uniform.

When the Spaniards came to America they were astonished to find the natives of Mexico already using the cross as a religious symbol.

**Boston Police Officer Dies of Auto Injuries**

BOSTON, Nov. 21.—William H. Bowman, paymaster of the Boston police department, died at a hospital here early today of injuries received last night when an automobile crashed through a fence at Dedham. He was flung from the machine, a picket from the fence penetrating his abdomen. Two of Bowman's companions were arraigned in the Dedham district court in connection with the accident. James C. McNally, the driver, was charged with operating an automobile while intoxicated.

12 Sleeping Children Rescued From Fire

LYNN, Nov. 21.—Twelve children, asleep in their beds, were rescued by police and firemen in a fire in a three-story tenement structure in Center street last night. Firemen confined the blaze to the cellar, but smoke and escaping gas spread quickly to the upper floors, making the rescue difficult.

NEWBERRY'S RESIGNATION

Senator Newberry at last decides to retire, evidently because he foresees that his right to remain in the senate would again be made the subject of discussion and controversy. Yet, if he did not feel guilty, why should he resign? He was convicted in the Michigan court of violation of the corrupt practices act, but on appeal to the supreme court of the United States the statute under which he was convicted was declared unconstitutional.

The committee on privileges and elections, although voting to seat Newberry, passed a resolution declaring that such lavish use of money in an effort to secure election to a high office, strikes at the very foundation of free government. But the committee in seating a candidate who secured election by such means surely struck more vitally at the foundations of free government. By his retirement, Newberry practically admits his guilt.

It may have impressed Mr. Newberry that nine of the thirteen senators who voted in favor of seating him and were up for re-election, were defeated. As a further act that may have influenced him in this patriotic decision, it is remembered that Senator-elect Ferris of Michigan has announced that his first act after taking his seat will be to move that Newberry be ousted from the senate? There is little doubt that it was Newberryism that defeated Senator Townsend in Michigan, the colleague of Newberry. It is understood that Newberry wants Governor Mitchell of Michigan to call a special election at which the discredited senator can conduct a moneyless campaign and seek a vindication at the hands of the people. If Newberry comes before the people who defeated Townsend, he will probably meet a similar fate which he richly deserves. It is not impossible that Henry Ford may again be his opponent in which case, Newberry would have an opportunity of learning what the people think of him.

CLEMENCEAU

Former Premier Clemenceau of France, who presided over the destinies of that country during the great war is now conveying his message to the American people. So far as that message is understood, it appears to be that he is opposed to any reduction of armament affecting France without some guarantee of protection against German invasion. He states that he has seen France twice invaded by Germans and he is the only survivor of those who protested at the assembly at Bordeaux against the act of invasion. He states that he will not permit anyone to tell him that France has too many soldiers unless they succeed in some way in offering guarantees against attack by Germany. "Then only with the greatest pleasure would I dissolve the French army."

While Clemenceau was rather severely criticized by some of his own countrymen before coming here, there is little doubt as to his whole-hearted devotion to France and his spirit of resistance to anything calculated to injure the good name or the prestige of France, much less her status, as the foremost republic and one of the three greatest powers in Europe. He will lay before the American people the case of France not only in reference to disarmament but in regard to the reparations controversy which has extended beyond the limits of Europe and is agitating financial circles in this country.

Should Clemenceau come to this city, he would undoubtedly receive a cordial welcome as a statesman, who represents in a semi-official manner the one nation in Europe to which above all others we are most deeply indebted.

DEMAND HIGHER WAGES

Railroads that have been trying to cut wages for some time past, will soon have to meet demands for an increase, on the ground that the cost of living has advanced. Already the Brotherhood of Railway and Steamship Clerks, freight handlers and station employees have filed with the Railroad Labor board an application for an increase of pay of the employees represented by the Brotherhood.

In 1920 the Labor board granted an increase of about 20 per cent; but since then it has given two decisions by which wages were cut down. The first reduction was 12½ per cent and the second 6 per cent. As the Brotherhood represents 270,000 employees, the result is one of much concern, not only to the men but to the railroads. The present average monthly wage of these employees is \$53.50 as against \$103.02 under the decision of 1920. It is alleged that this is but the first of a number of demands to be made by the railroad employees. In the regions in which these demands are made, the shopworkers' strike has been settled and their demands granted; but here the strike is still on and as a result, it is alleged that much of the rolling stock is in such bad condition that disabled cars and engines are causing much delay in transportation.

THE PARKER COURSE

Despite the uneven working of a new motion picture machine, the travel lecture in the Moses Greeley Parker course was a great success. Mr. E. M. Newman, the lecturer, took his hearers through one of the most beautiful regions of Africa and showed in motion pictures, not only the strange and wild animal life, including crocodiles, hippopotami, elephants, baboons, and many other denizens of the jungle, but human beings who cut up wild animals and eat their flesh raw. The lecture was intensely interesting and will certainly result in a full house for the next number, which comes on December 2. The large number

bers already given have been so excellent that if the others are equally good, the course will prove a great source of education to the community.

CONGRESSMEN

The new congressmen elected on November 7 will not be sworn in till the first Monday in December of next year. After March 4, they will be in office and draw their pay without rendering any service to the government unless the president calls a special session of congress. In a presidential year the president elected takes office on March 4, and announces his cabinet appointments which are generally confirmed by the senate in the afternoon of the same day.

It is rather a queer arrangement under which men elected to office do not assume their duties until about thirteen months after their election. It seems that some of the reformers might score by advocating a change under which they would take office in the following December.

THE BRITISH PARLIAMENT

The British parliament has been opened under the new alignment in which the conservatives have a controlling majority and the opposition seems to be made up of the laborites. As a result, not only former Premier Asquith, but Lloyd George also have been retired from leadership. Thus far it is difficult to predict just how the opposition will line up eventually, but the fact remains that in the near future, some crisis will arise in which Lloyd George will prove as usual the master statesman and political tactician. It is safe to say that the new ministry will be short-lived if Lloyd George can exert a controlling influence on the opposition.

PONZI

Ponzi, it is revealed, was offered \$1,000,000 cash for the secret of his get-rich-quick coupon business. This was when the wizard of Pie Alley was just getting the suckers coming faster than he could handle them.

Ponzi could have won a gold medal as champion optimist, for he refused the offer. If he had accepted and liquidated his business, wonder where he'd be today.

At the zenith of his career, Ponzi claims he had from \$8,000,000 to \$10,000,000 in cash. He had a genius for doing things on a big scale. In this case, however, he showed misdirected energy.

SCHOOL LAW

The state of Oregon has accepted a law requiring children with few exceptions to attend the public schools up to and including the eighth grade. This is a move against private and sectarian schools, but the matter will be tested on the ground of constitutionality as several religious denominations in Oregon and other states wish to conduct their own private schools; and parents hold that they have the right to send their children to these schools if they so desire.

OUR DEBTS

A burden of about \$8,000,000,000 of debt is now carried by American states and municipalities. Roughly, this is a third as much as the national debt. And it has been growing at a rate which, unless checked by indignant taxpayers, will leave states and municipalities with a combined debt of \$64,000,000,000 in 1940. It is a bigger problem than national debt, but the people do not realize the fact.

EMBARGO ON COAL

The bills of Congressman Rogers providing for an embargo on anthracite coal or under special conditions on bituminous also, should be adopted. It is rather provoking while the people of the country are unable to get hard coal, to see it daily being shipped to Canada. Why cannot it be shipped to ports along the eastern seaboard where it is badly needed? The passage of such a measure will help to stop profiteering in coal.

STRIKES SETTLED

Two New Hampshire cotton mills have settled a strike by granting the old scale of wages and going back to the 44-hour week. This is regrettable as it was supposed that all the factories were about to adopt the 48-hour week. Southern competition is undoubtedly the chief cause.

A Thought

Secrecy has many advantages, for when you tell a man all you can and straight-forwardly the purpose of any object, he fancies there is nothing in it.—Goethe.

Some Memory

"They were talking of the earliest thing they could remember when the old Indian colonel told them about a 'remember'." "That before I could speak my nurse pinched me, and I determined that I would never speak a word until I was a man." "I could speak a word until I was a man."

Terrible Criticism

He was a rising artist and decided to surprise his wife by painting a portrait of her and himself. Rather, he showed the finished picture to his son, who said: "That's fine! But who is the lady, dad?" "Why, that's your mother," he said. "Well, in that case why have you painted her with a strange gentleman?"

The Corporal's Friend

Private Brown and Private Smith were discussing the manners of their corporal, and found high words in a hot fight when the corporal appeared on the scene. "What's the meaning of this?" he asked. "I was only sticking up for you," "Sticking up for me? What do you mean?" asked the corporal. "Well, brown said you were not fit to lead a long pig," "O, did he?" said the corporal. "And what did you say?" "I said you were."

Remarkable Animal

A dear old lady once visited the Zoological Gardens. After wandering about for some time she went up to a keeper and asked him to show her a long pig. "I want to ask you," she said, "which of the animals in the zoo you consider the most remarkable?" The keeper scratched his head for a while. "Well, mum," he said at length, "after careful consideration, as you might say, I've come to the conclusion that the best goes to the long pig hyena." "Indeed?" said the old lady. "And why do you consider the laughing hyena so remarkable?" "Well, mum," the keeper replied, "the only one that sneezes once a month, and he only has a sneeze once a year, so what he's got to laugh about is a blooming mystery to me!"

Punchinello

He was a Punchinello. Sweet Columbine was she. He loved the ground she danced on. She laughed his love to scorn. Till he laughed himself as gayly. Dancing, joking every night. "Till the morning, my dear fellow," cried the people with delight. "Bravo! Bravo! Bravo! Bravo! Bravo! Punchinello! Bravo! Punchinello!"

Bright was the day she married. And there among the rest. Came poor old Punchinello. He was the blithest guest. Had they seen his tears at midnight. In his garret near the sky. "Till the morning, my dear fellow," cried the people with delight. "Bravo!" etc.

One winter morn they told him. Sweet Columbine was dead. He never joked so gayly. As that night the people said. Never sang and laughed so madly. Ah! for his heart that night! "Till the morning, my dear fellow," cried the people with delight. "Bravo!" etc.

But, when the play was over. Told to her grave he crept. Last one who danced on the ground. Then sat alone and wept. But the people, had they seen him. Gaze to the moonlight sky. "Till the morning, my dear fellow," cried the people with delight. "Bravo!" etc.

PREMIER LENINE URGES CONCESSIONS

MOSCOW, Nov. 21. (By the Associated Press.)—The soviet government must not be afraid to give concessions to foreign capitalists, Premier Lenin declared at a great meeting of the Moscow soviet in the Grand Opera House last night. Five thousand persons attended.

"Russia," said Lenin, "is so big and has such wonderful economic possibilities that there is no reason to refuse any fair proposition from interests outside the country. We will make such favorable arrangements that the capitalists will be compelled to come to do business with us despite their present enmity toward us."

He emphasized that Russia's legislation was so framed that it was quite possible for capitalists to engage in business here safely and under almost normal conditions, reaping fair profits for their undertakings.

"TIGER" TO DELIVER FIRST ADDRESS TONIGHT

NEW YORK, Nov. 21.—Georges Clemenceau, France's war-time premier, will deliver his first address to the American people tonight. He will talk extensively, although he has spent much of his time since arriving in the United States gathering material for use in the speech.

Arising early today, he seemed refreshed and eager for the coming of events and the first of the messages he crossed the Atlantic ocean to give to America. Friends have warned him to speak no longer than an hour, but he has given no indication that he intends to follow this injunction.

Speaking without notes, as he will, Clemenceau may talk for two hours or he finds an interested audience and is able to make himself understood in the great auditorium of the Metropolitan Opera House.

Nothing else was planned for the Tiger today. He was expected to remain at the Gibson home resting and working on tonight's address.

HARVARD EMPLOYMENT OFFICE (CAMBRIDGE, Nov. 21.—The appointment office maintained by the Harvard faculty of arts and sciences for the placing of Harvard men in teaching positions has been combined with the student employment office under the direction of George W. Cram, secretary of the faculty. Miss Louise L. McCrady, who acted for many years as secretary for the appointment office, resigned last summer. In recent years the office has received more than a thousand calls for teachers annually and has placed about 200 men a year in teaching positions.

Berton Braley's Daily Poem THE WISE IKE

If ever a bozo was hep to the trails,
Yours truly is certainly him.
I've studied the chickens and followed their trails,
I've kept the wrens under my glim.
I've piped 'em at work and I've lamped 'em at play,
I've flirted and danced with 'em, too.
At knowing the ladies I'll modestly say
The birds that outlapse me are few.

I've looked 'em all over; the kind you can pet,
And also the kind that you can't.
The baby-faced blond and the stately brunet;
At dappers I've taken a slant,
The vamps and the ingenues, queens and the dolls,
And all other kinds there may be;
If any one's got any dops on the molls,
I reckon that baby is mel

And now that that's settled, I'll slip you the dope
And tell you as much as I know.
For my education is wide in its scope,
I'm jerry, I'm jake and I'm joe;
If anyone knows 'em I'll otta, that's plain,
I should be some wise little elf,
But though I've endeavored to study each jame,
I don't know no more than yourself!

Great Demand For Letter Boxes

WASHINGTON, Nov. 21.—The demand for letter boxes has become so great as a result of the recent postoffice department, "no box, no mail" edict, that manufacturers are unable to fill orders, the department said today in announcing that for this reason, postmasters had been authorized in their discretion to postpone the effective date of the order from Jan. 1 to not later than March 1. The postponement is not to be construed, the department added, as a waiver of the requirement for mail receptacles or doorsteps, or as any relaxation of a determination to enforce the new regulations.

LOWELL AD CLUB PLANS SNAPPY MEETINGS

Attractive programs are on the cards for coming meetings of the Lowell Ad club. At the weekly luncheon tomorrow, in the Girls' City club hall, Manager Maurice E. McCormick of the local division of the Eastern Massachusetts street railway will be the speaker, discussing exceptionally good results achieved by the club members.

While Manager McCormick has already discussed in a comparatively brief and informal talk to the Rotary club men some of the problems to be met in the next few months in Eastern railway quarters, he is said to be prepared to tackle some of the more intimate problems of the road and is also said to be prepared to present some really new ideas in relation to future programs for the improvement of the present street railway situation in Lowell and vicinity.

Arrangements have been made to handle a large dinner party at this important November meeting of the Ad club.

On the day before Thanksgiving holiday, the speaker will be A. S. Flint, sales manager of the Waltham Watch company.

How to Darken Gray Hair

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair

A well known resident of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce bay rum, a small box of Barro Compound and 1/2 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy and does not rub off."—Adv.

Fuel Dictator Seizes Multi-millionaires' Coal and Gives it to the Poor

By Edward Tierney
NEA Staff Service Writer
HIGHLAND FALLS, N. Y., Nov. 22.—I came to the village of Highland Falls to have a look at the man who had the nerve to back a wagon up against Mrs. J. P. Morgan's coal pile and cart away enough coal to keep the home fires going for fuelless townships.

The man is William L. Perkins, fuel administrator of Orange county. He is

WILLIAM L. PERKINS

stout, elderly, wears glasses, and is a retired grain and feed dealer.

"Why, there wasn't five tons of coal in all Highland Falls until we got busy," said Perkins. "What do you suppose they appointed me fuel administrator for?"

"So's everybody would have coal, wasn't it? Not just the rich—but the poor, too."

"Well, I found there was a great stack of coal at the country place of Mrs. J. P. Morgan, Sr., and a lot more at Robert Goetts's place. And only five tons in Highland Falls, a sizable place, you know."

Seize 20 Tons
"I've just had 20 tons taken away from Mrs. Morgan's place and distributed to families in the village, a ton to a family. I'll take more from her before I'm through. Now we're parceling out some of the Goetts's extra coal. I don't know how much they have, except that they've got too much according to the way I read the law."

"I know of 50 tons in one pile in the Goetts back yard. The law says you can't hold more than one month's supply."

Percy Wilkinson, superintendent of the 1600-acre Morgan estate, says the Morgans burn five tons a week. And according to reports, there are 350 tons stored on the place.

"Understand, the Morgans and Goetts aren't offering any resistance to our seizing the coal. I guess they know the law all right."

Just a Yarn
"What's this about their offering voluntarily to divide their coal with the villagers?" Perkins was asked.

"That's just a yarn. They didn't offer."

TONIC TREATMENT GAVE HER STRENGTH

Mrs. Cavanaugh Tells How Her Appetite Returned and She Regained Health

After attacks of acute diseases such as fevers or influenza the blood is always thin and weak. Distressing symptoms are liable to continue until the blood is made rich and red. This can be done by food, sunlight and proper tonic treatment.

"The influenza left me with no vitality or strength," says Mrs. Nellie Cavanaugh, of No. 701 Washington street, Bath, Me. "And I never was so completely run down as then. I was so weak that I could hardly move around. My appetite was poor and I had trouble with my stomach so that I almost always had pains after eating. I had neuralgic pains all over my body, first in my back, then in my side. They seemed to shift around. I had no ambition and the constant pain made me utterly miserable."

"My sister had taken Dr. Williams' Pink Pills to build up her blood and she recommended them to me. I tried them and the result was most gratifying. After the first box I noticed an improvement and the pains were not so bad. As I continued using the pills I grew stronger and my appetite improved. I gained right along, the tired feeling left me and I now eat well and sleep well. I have recommended Dr. Williams' Pink Pills to many people for I know that they are a reliable remedy and can be depended upon."

If you have a poor appetite or weak digestion get a sixty-cent box of Dr. Williams' Pink Pills from the nearest drug store and begin taking up the digestive organs today. Then write to the Dr. Williams Medicine Co., Schenectady, N. Y., for a copy of the diet book, "What to Eat and How to Eat." Send no money nor stamps. It is free on request.—Adv.

For anybody as much as a lump of coal. So we took it.

"You can see how this works against the poor family of the one of moderate means. It isn't right for somebody with money to grab off all the coal just because they have the money and get their orders in early."

"Am I popular? Hanged if I know or care. I'm just doing my duty. I don't get any pay for this job, but it isn't a question of money."

"All I'm interested in is seeing that all the families in Highland Falls get the coal they need. The coal dealers are doing the delivering, and all they get is a normal profit."

SHIPPING ANIMALS BY PARCEL POST

How do you ship your alligators and soft-shell crabs?

If not, why not try the parcel post, Uncle Sam commanding?

It's all in the new postal regulations and price lists and parcel-sending rules—just out for all readers who run.

And outside of alligators, which must not measure more than 20 inches in length, and the soft-shell crabs that you may send only when you please by "P. D." there is allowance for the erstwhile popular chameleon that Mary and Rosie used to wear collars and shirt waists. The chameleons, so they tell us, are coming back.

Postmaster Delisle has been looking over the postal regulations pretty assiduously since he took office over on Appleton street, and finds things of interest in the big books that a good many people never heard about before until someone told them.

The old-time ban on live animals of small size is now off for keeps unless something happens to put a check on the new game and again banishes all denizens of the wild and tame regions for all times to come. Until today, the only live things that could be shipped through the United States mails were baby chicks, from the farms or stores to the buyers. It has been a common practice to ship chicks from as far west as Minnesota and Kansas to the Atlantic seaboard, and the chicks rarely die in transit, either, showing the excellent attention given such "live" shipments by the postal authorities all along the line.

But look at the list of "animals" now included in the list of stuff that may be sent through the mails after being duly stamped and posted.

Even Postmaster Delisle had to smile when he heard some of the items contained in the government's latest list of mail articles.

When is and when isn't an alligator a harmless animal has been a mooted question. There are many who still

believe that a small alligator is a playful pet that can be kept in the parlor as a charm for baby.

The postal authorities at Washington have now decided that while under 20 inches over-all length, the baby saurian is harmless. And so are baby chicks, soft-shelled crabs, chameleons and blood worms.

Yes, one may feel confident the blood worm can be fondled with ease and without fear of danger. The blood worm won't bite you or any mail clerk either, even if it did get loose from a mail carrier and start on a food-hunting expedition. Some folks have their doubts, of course, about the baby terrapins, but the latter are also classed by the new postal regulations as harmless.

New circulars are now ready for distribution described in the new classifications made by the postal department to ease the minds of harassed postmasters where clients have sought to make use of their office near-magazines. The "mailability" of the live mail matter has been so hazy a question among the

general public, that the department declares that it desires to clear everything up once and for all, hence the circulars now going out to all cities and towns in the land.

For more than a year live fowl and domestic animals were accepted for mailing under a ruling which prescribed their handling only when the completed journey was made by motor trucks, but this ruling was revoked more than a year ago.

Another rule, applying to the insurance and "C. O. D." privileges of such shipments, was not modified, under which regulation a few shipments of live fowl and domestic animals have been accepted by some postmasters, but not Lowell.

Only small live animals, "having no offensive odor and requiring no food or water in transit," such as the animals mentioned, and their like may be sent in the mails and insured against loss where clients have sought to make use of their office near-magazines. The in length are included in this list. Ship your alligators early before the Christmas rush!

Pre-Thanksgiving Alteration Sale of Coats! Suits! Wool Dresses! Silk Dresses! Girls' Winter Coats! Skirts!

Our ready-to-wear business has increased so rapidly during the past few months we deem it quite necessary to enlarge this department. We consider this week the most opportune time to make sharp reductions on stock which at first price did not sell, but when marked down we know will not remain with us long.

Contractors have already torn down partition walls and started their alterations. We must allow them sufficient space to work freely—therefore all merchandise displayed in this valuable space must be sold. We are at present occupying a very small area. Our reels and cabinets are crowded with stock. We must reduce in order to make room for new shipments arriving every few days from the New York market. We will not take time or space to describe these good values.

POLO NOTES
 Jim Graham's Providence Gold Bugs will make their initial bow before Lowell fans at the Crescent rink tonight.

Bill Blount, who tended goal for Lowell last season, and who is considered the best goal keeper in the business, is going great guns for Providence. His classy work has done much to keep the R. 1. entry in the running.

Dick Donnelly and Bill Cusick, both graduates from Lowell in past seasons, will be with the visitors. They are filling in well at center and halfback.

George Wiley, last season with New Bedford, and George Hart, brother of "Red" Hart, will be in the rush line for the team. They are training well.

On Friday night Lefty Tyler's Salem "Witches" will come here to play Lowell.

James Burdett, the veteran baseball player, manager and coach, will referee tonight's Providence-Lowell polo game.

Word was received by the Lowell team owners today from Mitchell, who has turned out on Saturday. He said he would try and join the team here on Friday night. The loss of Mitchell has greatly affected the team's playing and all will welcome him back to the fold.

BATTLING SIKI'S LICENSE CANCELLED

PARIS, Nov. 21 (By the Associated Press).—Battling Siki's license in boxing has been cancelled by the French boxing federation. This action followed the nine months suspension which Siki received from the federation on Nov. 5.

When the suspension expired, the Senegalese, who has also been deprived of the title he won from Georges Carpentier, must apply for a new license which the federation can refuse. The license was cancelled because Siki had been charged with various escapades brought by 25 sportsmen. It is said that the federation is considering further action against Siki.

FIVE CITIZENS TO CONTROL BOXING

PHILADELPHIA, Nov. 21.—Virtual control of the boxing situation in Philadelphia is to be placed informally in the hands of a committee of five citizens, who have no other interest in pugilism than to improve the sport, according to an announcement made today by Jules Mastbaum, motion picture theatre owner, who has taken over the Philadelphia boxing situation. The committee, it is said, will act in an advisory capacity in such a manner as to elevate the standards of boxing. The intention is that it shall also have its opinions respected at the ringside.

OPEN GOLF CHAMPIONSHIP

NEW YORK, Nov. 21.—Setting of a date in 1923 for the 122nd national open golf championship, which will be held on the links of the Inwood club, is to be suggested to the United States Golf Association by the Professional Golfers association, whose executive committee met here yesterday. The professional association has a long record of avoiding the intense heat experienced in previous tournaments.

CORNETT BASEBALL SCHEDULE

ITHACA, N. Y., Nov. 21.—Cornett's 1923 baseball schedule, announced today, includes games with New England college teams as follows:

May 4, Brown at Providence; May 5, Harvard at Cambridge; May 12, Yale at New Haven; May 19, Dartmouth at Ithaca; May 26, Yale at Ithaca; June 18, Dartmouth at Hanover.

It is learned there today O'Connell was sold to the Giants for \$75,000.

CADETS WILL MEET

ST. JAMES HIGH

Next Sunday at Spaulding park, the O.M.T. Cadets will have their opponents on the gridiron, the fast St. James high school eleven of Haverhill, one of the strongest high school teams in the country. St. James has yet to meet defeat this season and is reputed to be equally as strong as the champion Haverhill high outfit which defeated Lowell by an overwhelming score two weeks ago. The Cadets are fortunate in securing such talents for Lowell and will practice with added vigor this week in preparation for the game. A large contingent of St. James rowers will accompany their team to this city. The fans of the Cadets are spending a football-like wildfire and the interest of the down-river fans in the coming tilt is running high. There were over 200 spectators present at the recent Butler-O.M.T. Cadet game here and all expressed the opinion that Lowell has some wonderful football talent.

Says Villa Must Box Flyweights

NEW YORK, Nov. 21.—Pancho Villa of the Philippines, American flyweight champion, will not be permitted to meet boxers of the banian division the state boxing commission has decided in calling off the proposed contest between Villa and Terry Martin of Providence, R. I. "There are plenty of flyweights to box Villa," Chairman William Muldoon declared, "and there is no occasion for him to go out of his class. There are also plenty of banians for Martin and it is not necessary for him to drop into the flyweight division."

U. S. COMMERCIAL POSSIBILITIES

CHICAGO, Nov. 21. (By the Associated Press).—American commercial possibilities in Central and South America and in Europe, were discussed today by ambassadors, ministers and other representatives of several foreign governments at the second session of the American commercial conference. Speakers on the program included the ambassadors of Germany and Peru, the ministers of Ecuador, Czechoslovakia, Bolivia, Bulgaria and Finland and the former consul of the Greek legation in Washington.

CASES IN THE SUPERIOR COURT

The case of Albert J. Michaud vs. William J. Dubé et al., an action on contract in the sum of \$305, went to trial at this morning's session of the superior court. In this case the plaintiff is endeavoring to recover a commission amounting to \$192.50 for the alleged sale of a house at 51-53 Beaulieu street, formerly owned by the late Mrs. J. K. Keen. The defendant, who is a real estate broker, was retained by the defendant for the sale of the property in Beaulieu street and that although Mr. Michaud secured a purchase of the property, the sale was not completed. The defendant refused to pay him his commission. On the other hand, the defendant claimed that although Mr. Michaud's client purchased the property, the sale was made by a Mr. Lemay, after Mr. Michaud had given it up.

BUTLERS TO PLAY FOR STATE TITLE

Sunday at Spaulding park the champion Butler A.A. will play the fast Lafayette A.C. of Everett for the 150-pound championship. The Lafayette team comes to Lowell very well recommended, having defeated all of the contenders in and around Boston and in the state. Butler A.A. also has a strong team and says that they will be the fastest seen in Lowell this season.

VELVET TIE GOWNS

Velvet is a popular material for gowns this season, particularly in the autumn tints such as leaf red, dull purple and the yellow-brown shades. The fabric is so delicate that it is not suitable for universal wear, but it is the only trimming necessary.

Committee on Claims Will Meet Tonight

which took the place of the regular board, following its removal by the mayor. A meeting of the city council followed at which time the removed members of the board, Messrs. Murphy and Leary, were reinstated. Alphonse must be the first act of the reinstated board was to put back Mr. Doherty at the head of the streets department.

When the monthly payroll came to the mayor he signed a check payable to Mr. Doherty's name attached and ordered that Mr. Doherty's pay be held up. He gave as his reason that Mr. Doherty had never been properly reinstated by the board.

Since that time Mr. Doherty's name has appeared on several payrolls and each one of these has contained Mayor Brown's order that the superintendent's pay be withheld.

Finally Mr. Doherty presented the claim to the city council which amounted to about \$500 for salary from June to November. He filed the claim with the city clerk on the second of this month. It went to the city council and was referred to the committee on claims.

Investigator of Claims Mulry now has the matter and will present it to the board tonight, in all probability. Just what its fate will be is not known and whether or not action will be taken is a matter of conjecture, but it is believed likely that something will be done.

When questioned this morning relative to what he thought about the matter and if he was going to get his money, Mr. Doherty was non-committal. He said that the matter was before the proper authorities.

Carship Strikers Will Hold Mass Meeting

evening at 7.30 o'clock. The meeting will be presided over by James Clancy, vice president of the local branch of the organization and the principal speaker will be Charles Fone of New Haven, Mass. general chairman of the New York, New Haven and Hartford railroad strikers in Connecticut.

Mr. Fone, who was recently elected state senator from his own city, will discuss the railroad situation as it applies to the Boston & Maine and N. Y. N. H. & H. roads. He is an able speaker and will no doubt create a good impression. He will also discuss the situation in the Pennsylvania mining regions.

It was stated at strike headquarters today that tickets for the drawing contest organized by the crafts, have been sent to all local social and fraternal organizations, and society receiving three books containing ten tickets each, and that gratifying responses are being received. The drawing, which will be brought to a close on Nov. 22, is for a lady's or gentleman's \$50 gold watch and the proceeds of the contest will go towards relieving conditions among the strikers. The crafts own an automobile and it is probable that as soon as the present contest is brought to a close another contest will be organized for the drawing of the machine. The executive board of the organization are doing their utmost for the success of newly members and they hope the public will second them in their efforts.

FAIL TO MAKE SALE

Opera House Put on Auction Block Yesterday Without Results

Although the Opera House property was placed on the auction block yesterday afternoon, it was not sold for the reason there was no one present to make a bid for it. At 3 o'clock, the time set for the auction, a crowd of 100 or more had assembled, but none of these proved to be bidders when the auctioneer opened what was known as the "Well."

Repeated attempts to raise an offer failed and finally the auctioneer gave up the task. The property is assessed for \$14,815 and is owned by J. William Schaack and a brother, Mr. Schaack has been managing the theatre for the past year or more.

WILL FINISH ALL WORK PLANNED

The city expects to finish its program of street work, as laid out at the first of the year, by December 1, according to City Engineer Stanley. The department has been able to make rapid progress during the past few weeks in view of the fact that the workmen have experienced nearly ideal weather conditions.

As soon as the work on the summer program is completed, the force will turn to a long contemplated job on Clark road. This work has been planned for some time but the department has been unable to get to it for one reason or another. The work will be done on the extension.

America's Position

LAUSANNE, Nov. 21.—(By the Associated Press).—Richard Washburn Child, American ambassador to Italy, explained at the plenary session of the Near East peace conference today the position of the observers for the United States. American statesmen were much interested in the Near Eastern settlement, and its observers would attend the meetings and join in the discussions but were not authorized to sign reports, or to vote on the decisions.

Bill Reported Out

WASHINGTON, Nov. 21.—The administration merchant marine bill with amendments agreed to yesterday by republican members, was formally reported to the house merchant marine committee today, with a record vote, while President Harding was arranging to go to the capitol and address a joint session of congress in the interest of the legislation.

The city of Denver was named for Gen. J. W. Denver, a one-time governor of Kansas.

New Witness in Murder Case

caused detectives to bring him forward as the most likely corroborator of the hitherto unsupported tale of Mrs. Jane Gibson.

Evidence upon which the grand jury may designate the slayers of Rev. Edward Wheeler Hall and Mrs. Eleanor Rhinehart Mills, his choir singer, remains to be adduced. Yesterday's session of the jury was looked upon by the prosecution as only the setting of the stage upon which the principal witnesses are about to be drawn.

Policeman Called

James Curran, one of the first policemen to view the bodies of Mr. Hall and Mrs. Mills after the pair were found slain on the Phillips farm, last September, was the first witness called in the grand jury began its second day investigating the double murder.

Edward Garrigan, another New Brunswick policeman who viewed the bodies, followed Curran.

The third witness was Edward C. Stricker. It was from his home that Raymond Schneider, who found the bodies, telephoned the police regarding his discovery.

After the jurors had heard the story of John Lathrop, a farmer living near the scene of the murder, who claims he found shoes, Special Deputy Attorney General Mott called Dr. A. L. Smith, who performed an autopsy on the body of the choir singer and found that, besides having been shot, his throat had been cut. He also was present when the autopsy was performed on the body of Dr. Hall.

Plead for Mrs. Hall

NEW BRUNSWICK, N. J., Nov. 21. (By the Associated Press).—A petition, calling on Foreman (Gibbs) of the Somerset county grand jury, in the name of justice to hear the story of Mrs. Frances Stevens Hall, who circulated today.

The petition, signed by many friends and relatives of the widow, whose husband rector of the Church of St. John the Evangelist, was taken up by Mrs. Stevens. Mrs. Hall will be sent to Mr. Gibbs in Somersetville, where the grand jury is receiving evidence in the double murder.

The petition pleads that Mrs. Hall be given a square deal and be permitted to appear before the jury which is expected to return indictments.

No Steel for Lundburg Street Bridge

stances it is difficult to make much headway.

The delay in the shipment of the steel is attributed to a shipping embargo placed on certain materials owing to the shortage of coal. When the matter was taken to the attention of the city authorities immediate steps were taken to see what could be done in regard to rushing the steel to this city.

The Fay, Spafford Thorndike company, consulting engineers, on the contract, were rechecked and the matter placed in the hands of the city engineer to see what steps could be taken to expedite the shipments. One of the chief officials of the Delaware & Hudson railroad was telegraphed relative to the matter. It was explained that the rail official that the steel was badly needed in this city and he was urged to get what could be done in the matter of getting the shipments rolling.

It is said that the material is either on the cars or ready to be pulched on the cars in Pennsylvania, but that the embargo is holding back all efforts to get it here.

It can be done by the construction company at work on the bridge until this steel arrives. The gap is 115 feet from side to side and without the girder it is impossible to throw across a foot bridge or a bridge of any sort. The bridge has been closed to vehicular traffic for more than a year, while the foot bridge was closed about three weeks ago. It appears now that the foot

bridge will be closed for quite a while after the contract by the end of the period, for it will take some time to get a new contract inserted in the material arrives. It also appears that the construction of the bridge will be delayed in materials cramped out.

Bandit Band Burns Cities and Towns

SHANGHAI, Nov. 21.—(By the Associated Press).—The bandit army of Honan province, 30,000 strong, which has kidnapped a number of foreign missionaries recently, is laying waste a path six miles wide across the province, burning every city, town and farmhouse in its line of march and leaving its trail strewn with dead bodies, according to a letter received here from H. E. Leidgard, an English missionary who escaped.

Counsel Says Childers Prisoner of War

DUBLIN, Nov. 21.—(By the Associated Press).—The habeas corpus proceedings brought in behalf of Erskine Childers, charged by the provisional Free State government with unlawful possession of fire arms, were reopened today by Master of the Rolls O'Connor. Childers' counsel argued that the government had no legal right to hold a military tribunal for the imposition of sentences. He urged that a government which aimed at the establishment of law and order "should practice what they preach." Counsel claimed for Childers the status of prisoner of war and declared that, as such, he could not be tried by a court composed exclusively of officers of the opposing army. The Dail resolution establishing the military courts, counsel said, had no legal force.

Miss MacSwiney's Condition Not Changed

DUBLIN, Nov. 21.—(By the Associated Press).—There was no change today in the condition of Miss Mary MacSwiney, who has been on hunger strike in Mountjoy prison, for 18 days, according to a statement by the prison authorities. Annie MacSwiney is still fasting outside the prison gate in protest against her sister's imprisonment.

Track and Field Championships

NEW YORK, Nov. 21.—The new junior and senior outdoor track and field championships for 1923 were awarded today by the A. A. U. convention to the Illinois Athletic club of Chicago, representing the Central association. The National Relay and decathlon championships will be held at the same time, probably July 4, 1923.

SEE HARDING ON KLAN ACTIVITIES

Gov. Parker and Atty. Gen. Coco of Louisiana Visitors at White House

Confer With President on Attorney-General Daugherty

WASHINGTON, Nov. 20.—The state authorities of Louisiana appear at this time to be fully capable of handling any situation within their jurisdiction, growing out of activities of secret organizations or other agencies, it was declared in a statement issued at the White House today after a conference on the subject between President Harding, Attorney General Daugherty, Governor Parker of Louisiana and Attorney General Coco of that state.

In view of the sufficiency of the state authority the White House said "there is nothing at this time for the federal government to do except give assurance to the state authorities that wherever federal interests are involved, the federal authorities are ready to extend full co-operation."

Governor Parker, upon leaving the White House, issued a statement in which he said:

"The responsible government of the state is determined that, regardless of cost or consequence, a most thorough investigation will be made of the outrages reported to have been made by the Ku Klux Klan in Louisiana. "Certain terrorizing outrages have been committed; certain horrifying crimes have been reported, and it is vital that responsibility shall be fixed and offenders punished not because of any organized assassination but in spite of this."

"The law of state and nation must be upheld under any and all circumstances. The governor said he would remain in Washington until tomorrow but did not outline his plans."

CONG. ROGERS' BILL

Calls for Embargo on Anthracite Shipments to Foreign Countries

WASHINGTON, Nov. 20.—An embargo on anthracite shipments to foreign countries was proposed in a bill introduced today by Representative Rogers, republican, Massachusetts. The president also would be authorized in his discretion to embargo coal on all other causes for foreign markets.

FIGHT FOR POSSESSION OF FOUR-YEAR-OLD GIRL

BOSTON, Nov. 20.—A contest for the possession of little Elizabeth White, a child less than four years, came up in the Roxbury court today and was postponed to Thursday. Mrs. Max White, who was married two months ago to a physician attached to the Boston city hospital staff, appeared as claimant in the case, the complaint asserting that she was born out of wedlock in 1919.

Dr. Grace A. Jordan, a woman physician of the Back Bay, is the defendant. Mrs. White says she gave the child to Dr. Jordan for adoption last December. With the option of reclaiming her at the end of a year, or with her husband and herself intending to go west to establish a practice, she wants possession of the child.

Dr. Jordan, it is understood, has transferred the child to a wealthy couple in or near the city and has refused to disclose her whereabouts. The charge against her is that she failed to register the child's movements as required by law. The case was continued by request of defendants' counsel and over the objections of counsel for Mrs. White.

LEWISTON, Me., Nov. 20.—President Clinton D. Gray of Bates college is in accord with a statement recently made by Thomas A. Edison, the inventor, that the main qualification for success is ambition with a will to work, but differs sharply with Edison's statement that the college man objects to work, especially if it is dirty. Dr. Gray read at chapel today a copy of a letter he had mailed to Mr. Edison.

America's Venus Tells How to Develop Beauty by Exercise

By DOROTHY KNAPP
The American Venus
A beautiful face or a beautiful figure is impossible without good health, and good health is impossible without correct habits of exercise and diet. Our forefathers who lived in the open and didn't depend on subway and motors got plenty of exercise, and did not have to worry about Indian clubs, dumbbells or daily dozens. But modern life makes no call on some of our muscles and gives them no chance to develop, so unless we take the matter in hand and exercise them, sooner or later we pay the penalty of our neglect in lumpy muscles, fat or under-developed bodies and then ill health.

More Harm Than Good
I believe in exercise, but before any woman undertakes any strenuous program I believe she should have herself examined by a physical instructor at a gymnasium, otherwise she may do herself more harm than good. I have two simple exercises that are a part of my daily routine which are perfectly harmless and yet which seem to me to be the best there are for internal as well as external benefit. It is to these two I attribute my health—and my figure.

For external beauty I recommend the bending exercise which stretches and reduces all the flesh about the waist and abdomen and makes the spine supple and the legs symmetrical. It consists in throwing the arms over the head, then bending down until the finger tips touch the floor, without bending the knees. Keep the heels

and toes together and come back to position after each effort.
I practice this each morning for about 10 minutes, doing it about 15 times a minute—but then I've been doing it for years. A beginner would find a slower tempo less fatiguing.
The other exercise which is excellent for all the organs of the trunk and abdomen is the twisting exercise. Keep the toes and heels together, and without changing the position of the legs bend the body from the waist in a circle, stretching as far to the back, then as far as you can.

Swinging the arms out in front and then to the back until the finger tips meet behind the back is excellent for developing the chest or for reducing too heavy shoulders.

Jumping and Running
Some women recommend jumping and running, but I think a woman should have medical advice before practicing them.
Swimming is my favorite exercise. I recommend it to every beauty seeker. Work with Indian clubs and dumbbells promotes grace and dexterity.

Ten minutes' practice each day is infinitely more valuable than an hour of strenuous exercises one day, followed by a day of inactivity.
Tomorrow I'll tell you about the breathing exercises I practice, and about my diet system. Then you'll know all my beauty secrets.

BRIEF BUT IMPORTANT WIRE DESPATCHES

BOSTON, Nov. 20.—The Hotel Plaza company, which operates a hotel on Columbus avenue in the South End, filed a petition in bankruptcy today. Liabilities were given as \$142,401 and assets were placed at \$101,685.

Would Remove Boston Art Commission
BOSTON, Nov. 20.—Removal of the Boston Art commission was called for in a bill filed today with the clerk of the house of representatives by former state Treasurer Charles L. Burrill. The action is a result of the refusal of the commission to accept a marble bust of Major General Clarence R. Edwards, commander of the Yankee division by C. S. Puolo of New York. The commission gave as one of the reasons for its rejection that the work was not that of a well known artist.

Appeal Against Bone Dry Regulations
WASHINGTON, Nov. 20.—The foreign steamship companies appeal from the decision of Judge Hand at New York, upholding the Daugherty bone dry liquor regulations for ocean liners, was advanced today by the supreme court for hearing on Jan. 2. The court also set for hearing on the same day the two appeals by American steamship companies from Judge Hand's decision.

BOSTON, Nov. 20.—Judge Morton of the federal district court today refused naturalization papers to 179 applicants because they had claimed exemption from the draft in the war. This is the largest number of aliens to be rejected at one time here.

Attach Galli-Curci's Share of Receipts
OTTAWA, Nov. 20.—Federal inland revenue officers have attached Madame Galli-Curci's share of the receipts of a concert given by the famous diva Wednesday night, it became known today. The seizure was made to cover income tax claimed due from Galli-Curci for concerts held in different parts of Canada during the past two years, the officials said. The singer's share exceeded \$2000 it was said.

Arrested on Charge of Larceny of \$25,000
BOSTON, Nov. 20.—Charged with the larceny of \$25,000 worth of silks and furs from the American Railway Express Co., Fred J. Mahoney was arrested today in Winthrop while calling on a young woman, said to be his sweetheart. Suspicion was directed at Mahoney, who was employed by the company as a driver at \$30 a week, after he bought a \$3000 automobile. Two store owners were arrested previously, charged with receiving stolen property.

Furs and Goods Worth \$10,000 Stolen
SPRINGFIELD, Nov. 20.—Theft of furs and other women's goods to the wholesale value of \$10,000 was discovered today by the police at the coat and suit store of Arthur L. Leary. The burglars are believed to have used a large automobile. They worked from an alley in the rear of the store, removing a heavy iron grating and window. The goods taken include many coats valued at more than \$500 each.

Conway Fined For Contempt of Court
BOSTON, Nov. 20.—The superior court today fined Walter G. Conway of New York \$250 for contempt of court as a result of his action in writing letters to members of the special grand jury which was probing the affairs of the defunct Hanover Trust Co. Conway was a debtor of the company. Appeals to the supreme court in the cases of Henry H. Chmielewski and William S. McNary, president and secretary, respectively, of the bank, who were found guilty on similar grounds, are pending.

Alienation Suit Settled For \$25,000

WARSAW, N. Y., Nov. 21.—The suit brought by Mrs. James O. Howard of Castle against Margaret E. Pierce, young Castle heiress, for the alienation of the affections of Mrs. Howard's 44-year-old husband, has been settled for \$25,000. A Wyoming county jury in September, gave Mrs. Howard a verdict of \$12,500. From this an appeal was taken. Mrs. Howard, who was in poor health and compelled to earn her living by picking beans, decided to accept a compromise offer. Miss Pierce, who is now Mrs. Lyle Smith, is in Florida on her honeymoon.

New Earthquake Shocks Felt

ANGIERS, Nov. 21.—(By the Associated Press).—Two earth shocks today, following five tremors on Sunday evening, sent the inhabitants of the village Fromentin, near Cavaignac, into the open country. Catts, former governor of Florida, not guilty of the charge of having held in peonage, John Henry Rogers, negro. District Attorney Cuhberry indicated after the verdict that he would move dismissal of an indictment against Mr. Catts charging peonage relating to Ed Brown, negro.

SEN. DIAL ATTACKS LAW SHAKEUP IN DRY FORCES

Says Cotton Futures Contract Law Reverses Law of Common Sense

CHICAGO, Nov. 21.—The present cotton futures contract law, "reverses the laws of common sense and the customs of merchandising," by permitting the seller to deliver any one of 10 grades to the buyers, Senator N. R. Dial of South Carolina declared today in an address before the Southern Commercial congress.

He urged amendment of the act to give the purchaser rights equal to those of the seller. Under the present system, he said, the grower suffers because purchasers sell out their hedges rather than accept delivery of inferior grades and the consequent heavy sales depress the price.

He cited figures to show that in 1920 only 13,410,000 bales of cotton were grown in the United States, while there were contracts sold for 18,907,500 bales.

"Under the present practice," Senator Dial said, "even the lowest grades of cotton are not sold at their value because you have not brought the right parties together."

"Furthermore, the prices quoted on the exchanges do not reflect the price of the market. For example, on March 23, 1920, March contracts in New York were 35.52, spot 10 cents a pound; in July, 35.52, spot 10 cents a pound; in July, 35.52, spot 10 cents a pound; in July, 35.52, spot 10 cents a pound."

"Official supplies are created at the pleasure of the sellers of contracts without enlarging the demand. The law of supply and demand is thus hobbled. Whoever puts up the most margin can carry prices his way. I am not endeavoring to legislate value, but to make the market reflect the value of the goods."

"To my mind the foregoing clearly demonstrates the inequality of the present law and its unjust operations against the growers."

"I suggest either one of three remedies, which I am satisfied will greatly improve conditions, but urge the last one, to wit:

"First, require the specific grade to be specified at the time the contract is made."

"Second, allow the purchaser and the seller of a contract to each select half of the quantity; but in order to avert the possibility of a corner, either up or down, let them divide each half, equally in two, or even three grades."

"Third, do away with the middling fair as one of the grades tenderable and divide the other nine grades into three classes—A, B and C with three grades in each class, and make the middle class the basis, with a discount for a grade below and a premium for a grade above."

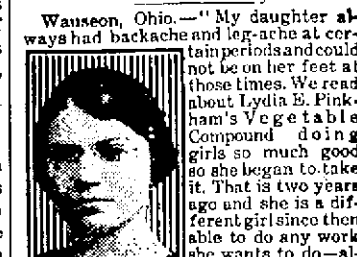

"I have introduced amendments in the senate along the lines suggested above, but I am told that the task is too monumental to be accomplished and that it would cause a revolution in marketing. I believe in revolutions when they are necessary to accomplish justice."

GIRL NOW WELL AND STRONG

Daughter Took Lydia E. Pinkham's Vegetable Compound as Mother Advised

Wauseon, Ohio.—"My daughter always had backache and leg-ache at certain periods and could not be on her feet at those times. We read about Lydia E. Pinkham's Vegetable Compound doing girls so much good so she began to take it. That is two years ago and she is a different girl since then. She is now able to do any work she wants to do—although she is still careful not to do heavy work—so well and strong. We recommend Lydia E. Pinkham's Vegetable Compound to all mothers with ailing daughters, and I give you permission to publish this letter as a testimonial."—Mrs. A. M. BURKHOLDER, Route No. 2, Box 1, Wauseon, Ohio.

Something out of balance will affect the finest clock, causing it to gain or lose. The proper adjustment made, all is well. So it is with women. Some trouble may upset you completely.

Lydia E. Pinkham's Vegetable Compound will correct the cause of the trouble and disagreeable symptoms will disappear as they did in the case of Mrs. Burkholder's daughter.

MOTHERS—it is worthy of your confidence.

How to Make Pine Cough Syrup at Home
Has no equal for prompt results. Taken but a moment to prepare, and see you about it.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing and healing the membranes of the throat and chest. Pine is famous for this purpose.

Pine cough syrups are combinations of pine and sugar. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pinex in a pint bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you must use a full amount more than you can buy ready-made for three times the money. It is pure, good and very pleasant—children take it eagerly.

You can feel this take hold of a cough or cold in a way that means success. The cough may be dry, hoarse and tight, or may be persistently loose from the formation of phlegm. The cause is the same—inflamed membranes—and this Pinex and Syrup combination will stop it. Usually in 24 hours or less. Splendid, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

Pinex is a highly concentrated compound of genuine Norway pine extract, and is famous for its prompt effect over its prompt effect upon coughs.

Beware of substitutes. Ask your druggist for "2 1/2 ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction, or money refunded. The Pinex Co., Ft. Wayne, Ind.

Jack Daw at Sea! Chapter 15

Jack stood on the shore and waited. He was anxious to see what mermaids really looked like and wondered whether they could talk. Suddenly a shape rose out of the water. It was King Whitecap, ruler of the deep and guardian of the merry throng of pretty mermaids.

"What ho!" shouted Whitecap. "Are you a friend, or are you an ordinary boy who throws stones at mermaids?" Jack assured the sea ruler that he was a friend, and King Whitecap turned about and clapped his hands. The mermaids, one by one, began to reappear above the surface.

Jack had never seen such a pretty sight. The mermaids had tails like fish and heads like girls. They climbed out on rocks and then dove in, as if to show Jack how pretty they could do it. Then the mermaid ruler beckoned Jack to come into the water, and join the fun. (Continued.)
